Seminar announcement

Career Insights Online –

German Federal Authorities BSH & BAM

for young researchers enrolled in PhD programmes at the Marine Graduate Schools in Bremen, Bremerhaven, and Oldenburg

with:      Dr. Marten Fischer
           works at the Federal Maritime and Hydrographic Agency of Germany in a Marine chemistry lab (BSH) in Hamburg

Dr. Frank Schreiber
As member of the research staff at the Federal Institute for Materials Research and Testing in Berlin (Bundesanstalt für Materialforschung BAM), Frank is developing his own research program with research on biofilms, single-cell microbiology, and environmental microbiology in the frame of biocide resistance.

Date & Time: September 24th, 2021 at 14:00 - 15:30
Format: online meeting via Cisco Webex Meetings or BigBlueButton
Language: English
Participants: maximum of 40
Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: ferdinand.esser@uni-oldenburg.de

The seminar format "Career Insights Online" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
