

Seminar Announcement

Find out about career paths of marine & climate scientists!
What is their current job like?
How did they get it?
Which skills do they need?

Career Insights Online – Science Management

for young researchers enrolled in PhD programs at the Marine Graduate Schools in Bremen, Bremerhaven, and Oldenburg.

with:

Dr. Nadine Rippert

Executive Assistant for Appointment Management
President's Office
University of Potsdam

Dr. Tanja Michler-Cieluch

Representative
Graduate Academy
Leibniz University Hannover

Date & Time: February 26th, 2021 at 14:00 - 15:30

Format: online meeting via Zoom or Cisco Webex

Language: English

Participants: maximum of 50

Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: cgloeckn@mpi-bremen.de

The new seminar format "*Career Insights Online*" aims at introducing different job perspectives in marine and climate science in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, for example, industry, administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctoral phase, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
