

Microbiological Colloquium

SS 2017

17:15 h, ICBM Lecture Room W15-1-146

- 05.04.17 **Rainer Meckenstock**, Univ. Duisburg-Essen
Ecological concepts for anaerobic degradation of aromatic hydrocarbons in contaminated aquifers and oil reservoirs
(Host: Heribert Cypionka)
- 19.04.17 **Meinhard Simon** and **Peter Schupp**, ICBM
Report from Sonne expedition SO254 (South Pacific)
- 03.05.17 **Tilman Harder**, Univ. Bremen
Microbial chemical ecology of marine invertebrate larval settlement: an old hat revisited (Host: Thorsten Brinkhoff)
- 17.05.17 **Brandi Reese**, Texas A&M University, Corpus Christi, USA
Understanding the Diversity of Life in Marine Deep Subsurface Sediment (Host: Bert Engelen)
- 31.05.17 **Alexander Steinbüchel**, Univ. Münster
TBA (Host: Ralf Rabus)
- 14.06.17 **Peter Schönheit**, Univ. Kiel
TBA (Host Ralf Rabus)
- 28.06.17 **Cornelia Welte**, Radboud University Nijmegen, NL
Methane cycling: from enzymes to microbial communities
(Host: Heribert Cypionka)

Guests are welcome! - Heribert Cypionka
