

## Agenda: Workshop on Research Data Management in Life Sciences 2023

Tuesday, 27/06/2023, 9:00 a.m.-12:30 p.m.

Overall topic	Topic
Welcome	Introduction of the institutions
	Introduction of the participants
	Practical information
Fundamental concepts	Research data
	Research data management & research data life cycle
Break	
Fundamental concepts	Metadata & metadata standards
	FAIR data principles
	Good scientific practice (GSP)
	Policies & guidelines on managing research data
Break	
Planning	Data Management Plans (DMPs)
Data collection	Electronic Lab Notebooks (ELNs)
Q&A	

Thursday, 29/06/2023, 9:00 a.m.-12:30 p.m.

Overall topic	Topic
Data processing	Data organization
	Reproducible data analysis
Data sharing & publishing	Data sharing during the project phase
	Persistent Identifiers (PIDs)
Break	
Data sharing & publishing	Data publishing
Digital preservation	
Q&A	
Break	
Data discovery & reuse	
Legal issues	Privacy issues
	Licenses
Closing	
Q&A and Feedback
