

## Publication Requirements Joint Doctoral Procedures Oldenburg-Groningen

For the Joint Doctoral Procedure the following minimal requirements apply to the PhD thesis:

- two published/accepted/ 'ready to submit' experimental chapters (1st author)
- preferably, two additional (experimental) chapters

The supervisors from UOL are advised to consult with their UMCG partners about the publication strategy. If there are still questions about the requirements, please get in touch with Dr. Martin Smit, the head of the Graduate School of Medical Sciences at UMCG.
