Dear [Name],

Lena’s Napoleon cake was not something we’d expect her to make. It looked so perfect...you could almost bite into it and feel the texture of the buttercream. But it was her signature, and we were all so proud. Even more so when she cut into it and revealed the surprise inside — a tiny gold coin! It was the perfect end to the celebration. Lena, we’re so grateful for your creations and the memories they bring. Happy birthday!

Sincerely,

[Your Name]
