

## International Conference of Undergraduate Research 2025

# CALL FOR ABSTRACTS

DEADLINE

31  
JAN  
2025

ICUR is an annual, two-day academic conference that showcases excellence in undergraduate research from around the world. It's a unique opportunity to present your research to interdisciplinary audiences across international borders in real-time, video-linked sessions from their home campus - and a supportive, yet rigorous environment to develop your confidence and your professional skills in communication, presentation, and engagement.

We are now accepting abstract submissions for either spoken or poster presentations for ICUR 2025 and we encourage all undergraduates who have completed a research project (or who will have completed one by June 2025) to take part. Everyone who attends our student-led conference will find a welcoming and encouraging setting in which to present their work, engage in discussion and learn more about research being undertaken by students around the world.

### KEY DATES

30 Sep - 18 Nov

Early Bird Submissions open

Nov - Dec

Full Submissions open

31 Jan

Full Submissions close

Feb

Abstract Review Period

Mar - May
