

Research Group **Medical Radiation Physics**

- Name: Prof. Dr. Björn Poppe
- Main research areas: Medical Radiation Physics, Dosimetry, Radiotherapy, Space Environment
- Interested in: one- and multi dimensional dosimetry, Dosimetry in NMR-fields, Radiation Environment in Space, flux determinations of interplanetary particles and bodies
- Expertise: Radiation Physics, Nuclear- and Particle Physics, Dosimetry, Monte-Carlo Transport Calculations, Radiation Protection, Space Environment Studies
- looking for expertise in: Particle Therapy, Radiation Environment in Space
- E-Mail: bjoern.poppe@uni-oldenburg.de
- Existing Cooperations: Department for Radiotherapy UMCC
