Kamingespräch “Wissenschaftsmanagement”

Fireside chat “scientific management”

for young researchers of the ICBM and SFB “Roseobacter” and
the RTG “Molecular Basis of Sensory Biology”

- Date & Time: **23rd of March 2015; 19:00 – 20:30h**
- Location: ICBM, W15-0-027
- Language: **German**
- Registration: ferdinand.esser@uni-oldenburg.de
- Referent: **Dr. Till Manning**: Niedersächsisches Ministerium für Wissenschaft und Kultur (MWK), Hannover
- Participants: maximum of 15

A fireside chat is an informal meeting in small groups on a specific topic. The design is intended to ensure personal atmosphere and enable a fruitful dialogue. As guest speaker we invited Dr. Till Manning, working as scientific management at Lower Saxonian Ministry for Science and Culture.

Participants of the mentoring programme 2014-2015 for young researchers have preferential rights to take part in the fireside chat. **A limited number of guests are welcome.**

If you are interested please send an Email to ferdinand.esser@uni-oldenburg.de.
