EXCHANGE STUDIES
ERASMUS+
Chalmers International Mobility – Chalmers University of Technology
Information about covid-19

We need to inform you that exchanges during the next academic year, can be affected due to Covid-19.

If you will get a spot to one of Chalmers' partner universities, it is important to keep in mind that the conditions for trips abroad and exchanges may change at short notice. We must follow the national and international restrictions and we must also follow the rules and regulations that our partner universities apply.
Information about exchange studies: 
The Student portal → Studies → Study in an exchange program
Erasmus+
This is Erasmus+

• You have the possibility to spend one semester at a partner university in Europe.

• Chalmers has established many Erasmus-agreements with partner universities.

• If you go on exchange within an Erasmus-agreement you are covered by an insurance through Chalmers, you will get an Erasmus-scholarship and you do not need to pay any tuition fee at the partner university.

• The agreements are written within different subjects and the number of spots are also decided.

• IMPORTANT: You have to be a master student at Chalmers and you need to take 30 credits during your first semester at Chalmers (in order to be eligible for exchange studies).
The Search portal for exchanges places

In the Search portal (Study in an exchange program → Search portal) you can use the filter tool to select:

- Type of exchange (Erasmus+)
- Country
- Subject

The information in the Search Portal will be updated and ready when the application round opens on the 15th of January.
More information – the Search portal

- Website of partner university
- Offer of courses
- Fact Sheet
- Available subjects
- Number of spots
- Travel reports (mostly in Swedish, but some in English!)
Plan your studies

- Important to have a study plan (the courses that you will take abroad should be credited in your education here at Chalmers)
- Contact to your director of studies!
Application – when and how?

- January 15 – February 15

Student portal → Study in an exchange program → Apply for student exchange
- Create an account
- You can select two options
- Fill out the application and attach a motivation letter
- Submit your application before deadline

Students within architecture should attach a portfolio.
Received a spot or not?

Please check your email every day!

• You will get an email if you have received a spot
• You need to accept or reject the offer
• Students who receive their first option will be noticed first
• If you do not receive your first or second option you can select from the spots that have not been allocated
Nomination and application

• Nomination (we inform the partner university that you have been selected for exchange studies)

• Then, instructions directly from the partner university

• Normally, you need to send an application to the partner university:
  - CV
  - Motivation letter
  - Transcript of records etc.
Erasmus Grant and CSN (if possible)

• Apply for CSN - if possible (Studies abroad)

• The Erasmus Grant - Approx. 400 euro / 460 euro a month (depends on which country you are going to):
  - 70% in the beginning
  - 30% after

• You need to fill out and upload all requested documents to CIM
At the partner university

You will get information from the partner university

• Accommodation – assistance from the partner university can vary
• Language course – a good start of the exchange
• Welcome Day / Welcome Week – meet other students and often very fun
Important!

• You need to plan your exchange
• Seek information regarding visa
• Is it possible for you to rent your apartment?
• If you are receiving a scholarship, please check if it is possible for you to go on exchange
• Can be a little bit challenging administratively but it is worth it!
