

Mentoring programme for young female researchers 2018 – 2019

Target group

- female doctorate students from OLTECH
- Young post docs from faculty V

Organisers

- The programme is organised by the Graduate School Science, Medicine & Technology (OLTECH)
- Programme instructor: Nadja Plothe, Bremen Trainer and coach <u>http://www.nadja-plothe.de/</u>

2018-2019

Mentoring for young female researchers

Concept

- young researchers actively address their career options in Science, Enterprises or other career fields outside Academia
- and learn methods for career development and networking strategies

Mentors

- An experienced mentor shares knowledge with you and supports you in finding your personal career.
- The mentor is like a wise person, who you could ask all about the profession and career you like to reach.
- The mentor could open you the access to relevant networks.

Structure

Mentor-Mentee relationship:

- finding a mentor
- regularly meetings with the mentor (~ 2 hours)
- two group meetings (0,5 days)
- individual guidance
- one thematical **workshop** (2 days)
- optional evening **talks** (2 hours)
- Individual coaching (1 hour) to find a mentor or after the programme

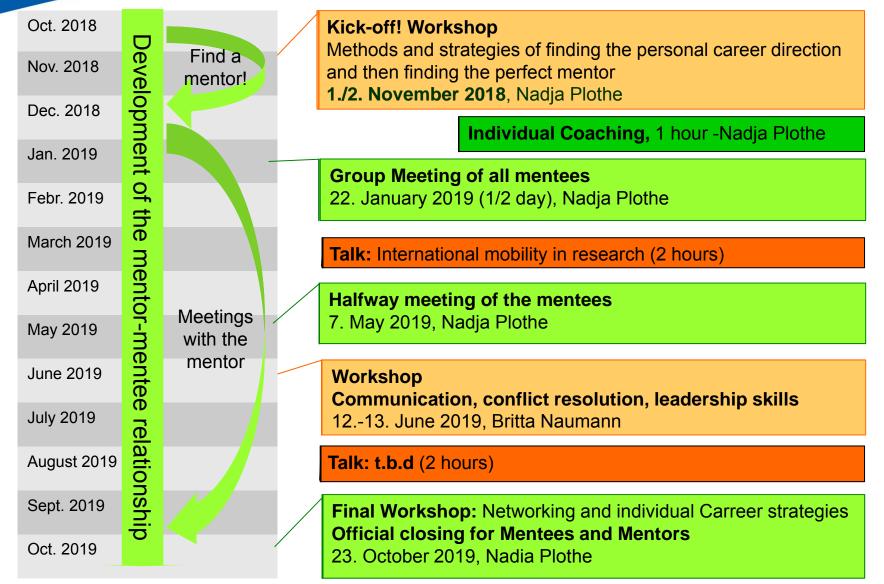

Next Run

- November 2018 to October 2019
- The meetings and workshops will be offered in English, if international mentees are in the programme.
- For doctorate students of OTECH the mentoring programme will be credited with 6 CP in olt164.
