About Welfare and International Support

We offer free, impartial, confidential and professional advice, guidance and information for current and prospective students.

Our team comprises professionally trained, dedicated advisers who will help with a wide range of practical issues including financial support and immigration advice.

WHO CAN USE OUR SERVICE?

We offer support to all current students – including all home/UK students, EU students and international students and including students studying full-time, part-time and studying on a distance learning course.

We also work with prospective students and their families to ensure that they have up-to-date information on a wide range of issues, including student visas and the UK financial support system.

We offer advice, information, and training to University staff to help them in their roles supporting students.

ACCESS TO LEARNING FUND (ALF)

The Access to Learning Fund (ALF) is a government fund administered by the University. It is available to UK/home students who have taken out their full entitlement of funding and are experiencing genuine financial hardship. (Note that students from other EU countries or from overseas are not eligible to apply.)

Awards do not have to be repaid and can help with costs such as accommodation, books and equipment, childcare, travel and utilities. However, awards cannot be made to provide the main financial support for your studies and students are expected to have explored all avenues of financial help before applying.

See contact details overleaf for collecting and handing in application forms.
