## UNILEAD 2019

The German Academic Exchange Service (DAAD) and the Department of Continuing Education and Education Management (we.b) at the Carl von Ossietzky University of Oldenburg in Germany are jointly organising the DIES University Leadership and Management Training Programme UNILEAD in Oldenburg, enabling young managers at higher education institutions in developing countries to tackle successfully every-day challenges. In order to do so, the programme brings together the topics Project Management, Finance and Investment and Human Resource Management with individual and practice-oriented change projects of each participant.

Developed in 2008, UNILEAD is part of the DIES programme (Dialogue on Innovative Higher Education Strategies), which has been jointly coordinated by the DAAD and HRK (German Rectors' Conference) since 2001.

Further information on the DAAD DIES Programme and the DIES Training Courses can be found at [www.daad.de/dies/en](http://www.daad.de/dies/en).

### Programme Contents and Methodology

UNILEAD focuses on three key areas:

1. **Project Management (PM)**. This includes courses on Strategic Management in Projects, Methodology of Project Management and Risk Management.
2. **Finance and Investment (F&I)**. This includes general financing strategies, operating with financial plans, control of solvency as well as the knowledge and use of investment tools and concepts.
3. **Human Resource Management (HRM)**. This includes courses on Instruments of Human Resource Development, Leadership, Conflict Management and Communication.

In order to complement these three modules, **additional topics**, such as Team Competences, Quality Management, and Leadership, are touched upon.

At **the heart of the entire programme is an individual and practice-oriented change project** that participants are required to propose already in their application. The project should be explicitly linked to the strategic objectives of their universities. The course content will always reflect on and relate to these change projects.

The methodology will be strictly project oriented and is based on case studies or questions derived from the particular job situation of the participants. Thus, it is expected to bring in personal experience and to share this knowledge with the group of around 25 participants from different regions of the world. High personal motivation, the willingness to get actively involved during the online and contact phases and excellent English language skills are essential for the successful completion of this course.

## Learning Approach / Schedule

Using a blended learning approach, UNILEAD is structured in two on-site contact phases at the University of Oldenburg, Germany, and two trainer guided online phases.

### Online Phase 1 (01/2019 – 02/2019)

- Prior to the first contact phase, an online phase of around 8 weeks is scheduled in which the participants are asked to read the **study material** and to work on short papers, including the individual work of **drafting the individual change project**. These papers are meant to describe the individual work experience at their home institution and to identify problems as well as obstacles referring to the topics of the course.

### Presence Phase 1 (17<sup>th</sup> February - 9<sup>th</sup> March 2019)

- The initial contact phase will take place at the University of Oldenburg in Germany. During these three weeks, content will focus on **Project Management** and **Finance and Investment**. Furthermore, the personal action plans will be adjusted and fine-tuned.

### Online Phase 2 & Implementation (03/2019 – 09/2019)

- Between March 2019 and September 2019, participants **apply the skills acquired at UNILEAD** within their individual projects at their home universities. In this, they are being accompanied and monitored by UNILEAD distance-coaches.

### Presence Phase 2 (8<sup>th</sup> – 21<sup>st</sup> September 2019)

- Finally, during a two-week contact phase of the last module in Oldenburg, there will be the opportunity to reflect on the implementation of the individual projects and to discuss next steps. Content of inputs will focus on **Human Resource Management**.

As the modules of the programme are interconnected, **participants are expected to take part in all three modules. A written statement which confirms the commitment to attend all parts of the programme is an entry requirement for being admitted.**

## Partners' Profile

The **Carl von Ossietzky University of Oldenburg** is the academic coordinator of this training course and works closely together with the DAAD. The University of Oldenburg has been offering an innovative MBA programme in Education and Science Management for professionals of (Higher) Education Institutions for several years. Thus, it has a wide network of experts who act as lecturers in this MBA programme and provides in-depth experience in the field of Continuing Education and Education Management as well as training of professionals at an academic level. National and international lecturers will bring in expertise in Higher Education Management and will help reflecting the specific questions from an international and intercultural perspective.

## Funding

During the contact phases the participants will be guests of the University of Oldenburg.

Following expenses will be covered:

- Course costs UNILEAD approx. 5.500 €.
- Travel costs: Flights to and from Germany and ground travel to and from Oldenburg according to maximum reimbursement rates depending on the country of origin. We kindly ask the participants to make their own travel arrangements – they will then be reimbursed in cash upon arrival in Oldenburg.
- Accommodation and joint meals at the two contact phases in Germany.
- Partial allowance for subsistence costs during the contact phases in Germany (according to DAAD regulations).
- Emergency health insurance during the contact phases.

**Expected co-funding:** Participants' home institutions are expected to contribute to the course costs by paying a one-time fee of 300,00 €.

In addition, local transportation in the participants' home countries, visa costs and possible additional per diems for the stay in Germany as well as possible balance to be paid for flight costs have to be covered by the participants and/or their home institution.

Further details on terms and conditions will be given to the admitted applicants together with the invitation letter.
